INDEPENDENT AUDITORS' REPORT

Unified Disaster Council
Unified San Diego County Emergency Services Organization
San Diego, California

We have audited the accompanying financial statements of the governmental activities, each major fund and the fiduciary funds of the Unified San Diego County Emergency Services Organization (the "ESO"), as of June 30, 2011, which collectively comprise the ESO's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the ESO's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the ESO's June 30, 2010 financial statements, and in our report dated April 1, 2011, we expressed an unqualified opinion on the ESO's basic financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the fiduciary funds of the ESO as of June 30, 2011, and the respective change in financial position, where applicable, thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

The ESO has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Licensed by the California State Board of Accountancy

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2012, on our consideration of the ESO's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The budgetary comparison schedule – General Fund on page 21 and the budgetary comparison schedule – Hazmat Response Program Special Revenue Fund on page 22 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of the ESO taken as a whole. The other supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities

For the Year Ended June 30, 2011 (with summarized financial information at June 30, 2010)

	2011	2010
Total net change in fund balances - governmental funds	\$ 3,235	\$ 387

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

	48,739	(71,772)
Change in net assets of governmental activities	<u>\$ 51,974</u>	<u>\$ (71,385)</u>

The notes to the financial statements are an integral part of this statement.

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION
Notes to Financial Statements
June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Unified San Diego County Emergency Services Organization (the “ESO”), located in San Diego County, became effective with the fourth amendment (1991) to the joint powers agreement entered into pursuant to the County of San Diego, California Ordinance No. 2248 (Effective 8/29/61) and various City resolutions. Current parties to the agreement include the County of San Diego (County) and the eighteenth incorporated cities within the County. The ESO is organized under the laws of the State of California for the preservation and safety of life and property. It provides for the execution of plans and programs in the event of an emergency of disaster, and provides for mutual assistance in the event of such emergencies or disasters.

Direction is provided to the member Jurisdictions by the Unified Disaster Council, the policy making body for the ESO. The Unified Disaster Council is comprised of the following individuals:

Ex-Official Chairperson: Chairperson of the County Board of Supervisors,

Vice-Chairperson: The Coordinator of the ESO selected by the Council from among the Chief Administrative Officer of the County or the City Manager and/or Chief Administrator of any participating City,

Members: A representative with alternate from each member agency.

Under the terms of the agreement, each participating member jurisdiction has one vote on the Council.

Under the agreement, fifty percent (50%) of the ESO's operating budget comes from the County after giving effect to other revenue. The remaining amount comes from the participating cities prorated under a formula whereby 50% is apportioned to the member cities based on population, and 50% is based on property values assessed in the fiscal year prior to the budgeted year. The agreement also provides member entities with the ability to contribute more than its required share and allows them to specify how the additional contribution is to be used.

The ESO administers the Hazardous Incident Response Team (HIRT) Program. The HIRT Program consists of the Hazardous Materials Unit of the City of San Diego Fire Department and the Hazardous Materials Management Division of the County of San Diego Department of Environmental Health. The unfunded costs of the HIRT Program are distributed to all member jurisdictions based upon a formula which calls for 40% based upon property valuation, and the remaining 20% based on HIRT responses to jurisdictions in the previous year.

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION
Notes to Financial Statements, continued
June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Reporting Entity (continued)

County employees, through the Office of Emergency Services, perform daily operating activities for the benefit of the ESO. The Chief Administrative Officer of the County, as the designated Coordinator of the Unified Disaster Council, has the authority to incur expenditures, and receive and disburse the funds of the ESO. Pursuant to that authority, the ESO's transactions are recorded in the County's accounting system. The financial transactions are also included in the County's Comprehensive Annual Financial Report (CAFR).

B. Basis of Presentation

According to the Governmental Accounting Standards Board (GASB), the recognized authoritative source of promulgated accounting principles generally accepted in the United States of America for state and local governments, the budget, the accounts, and the financial reports are inseparable elements in the financial administration process.

Terminology and classification consistency amount the elements are essential to achieving viable accounting systems and comparable, and unambiguous financial reporting. The maximum extent practicable, the terminology should be used consistently in all phases of budgeting, accounting, and reporting. With regards to the governmental and fiduciary fund types, these financial statements depart from those criteria in the interest of clarity and to render the statements not misleading for the following reason:

As previously noted, the ESO's financial transactions are included in the County of San Diego's accounting system. Amounts are recorded in the governmental and fiduciary fund types using the modified accrual basis of accounting. Two trust funds, three agency funds, and one organization unit identified in the County's accounting records are used to record all transactions of the ESO.

They are identified as the ESO Operating Fund – No. 49214, the HIRT Fund – No. 49211, the Civil Defense Fund – No. 61006, San Diego County Reward Fund – No. 66036, San Diego County Fire Protection Fund – No. 61007, and the Office of Emergency Service – General Fund Organization Unit No. A3120.

The first two trust funds listed above are presented in the County's CAFR as interest bearing trust funds to inform the reader of the relationship between the County and the ESO operations. The specific objects of expenditures incurred for the benefit of the ESO are recorded in the County's General Fund. The County's budgeting and accounting procedures are consistent with presentation in its CAFR.

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION
Notes to Financial Statements, continued
June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting

The ESO's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

The accounts of the ESO are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-wide Financial Statements

The ESO's government-wide financial statements include a Statement of Net Assets and a Statement of Activities. These statements present summaries of governmental activities for the ESO. Fiduciary activities of the ESO are not included in these statements.

These basic financial statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the ESO's assets and liabilities, including capital assets, are included in the accompanying Statement of Net Assets. The Statement of Activities presents changes in net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues for the ESO in two categories:

- Operating grants and contributions
- Capital grants and contributions

Government Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances as presented in these statements to the net assets presented in the government-wide financial statements. The ESO has presented all major funds that met the applicable criteria.

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION
Notes to Financial Statements, continued
June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

Government Fund Financial Statements (continued)

All governmental funds are accounted for on spending or “current financial resource” measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of current period.

Revenues are recorded when received in cash, except for that revenues subject to accrual (generally 60 days after year-end) are recognized when due. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

The Reconciliation of the Fund Financial Statements to the Government-wide Financial Statements is provided to explain the differences created by the integrated approach of GASB Statement No. 34.

Fiduciary Fund Financial Statements

Fiduciary fund financial statements include a Statement of Net Assets. The ESO fiduciary funds represent agency funds, which are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Fiduciary fund types are accounted for according to the nature of the fund.

D. Major Funds

GASB Statement No. 34 requires the ESO’s major governmental type funds to be identified and presented separately in the fund financial statements. Major funds are defined as funds that have assets, liabilities, revenues, or expenditures equal to or more than ten percent of their fund-type total and five percent of the grand total.

The ESO reported the following major governmental funds in the accompanying financial statements:

General Fund – The General Fund is presented herein in accordance with accounting principles generally accepted in the United States of America appropriate for a legally separate, economically independent, local governmental entity. The presentation is particularly beneficial in portraying the ESO’s relationship to its members by presenting the ESO’s assets and the members’ aggregate equity interest in those assets as provided by the joint powers agreement. The amounts presented in the ESO’s General Fund are directly reconcilable to the accounts maintained by the County.

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION
Notes to Financial Statements, continued
June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Major Funds (continued)

Specifically, the expendable available financial resources and related current liabilities devoted to financing general services that the ESO performs for its members' are included in the General Fund budget allocations of the individual members, grants, cost reimbursements, and other revenue used to finance the operations of the ESO are specific resources included in this fund. The fund is also charged with the costs of operating the ESO.

Hazmat Response Program Special Revenue Fund – The Special Revenue Fund is used to account for revenues restricted to and expenditures incurred for the HIRT Program administered by the ESO. The amounts presented in the ESO's Special Revenue Fund are directly reconcilable to the accounts maintained by the County.

E. Capital Assets

Capital assets are reported in the governmental activities in the Government-wide Financial Statements. All purchased capital assets are recorded at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated (contributed) capital assets are valued at their estimated fair value on the date received.

The ESO policy has set the capitalization threshold for reporting capital assets at the following:

Equipment and vehicles	\$5,000
------------------------	---------

For all capital assets, depreciation is recorded on a straight-line basis over the useful lives of the assets as follows:

Equipment and vehicles	5-20years
------------------------	-----------

F. Net Assets

In the government-wide financial statements, net assets are classified in the following categories:

Invested in Capital Assets– This amount consists of capital net of accumulated depreciation.

Restricted Net Assets – This amount is restricted by external creditors, grantors, contributors, laws, or regulations of other governments.

Unrestricted Net Assets – This amount is all net assets that do not meet the definition of "invested in capital assets" or "restricted net assets".

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION
Notes to Financial Statements, continued
June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Unassigned Fund Balance

In conformity with GASB No. 54, fund balance is divided into five classifications based primarily on the extent to which the ESO is bound to observe constraints imposed upon the use of the resources in the governmental funds. The fund balance classification that is relevant the ESO is the "unassigned" classification. The general fund and Hazmat fund unassigned balance represents the ESO assets that are available for subsequent appropriations or other disposition pursuant to the joint powers agreement.

H. Budgetary Accounting

Budget Policies – An operating budget is adopted each fiscal year for the ESO by unanimous consent of its members. Budgetary control is achieved at the appropriate level.

Reserve for Encumbrances – For purposes of a budgetary presentation in the financial statements, actual expenditures are adjusted to include any encumbrances outstanding at fiscal year-end. Outstanding encumbrances at fiscal year-end are fully reserved thereby assuring a continued expenditure authorization in subsequent fiscal year. There was no encumbrance reserve at the end of the fiscal year.

I. Estimates

The preparation of financial statements in conformity with generally accepted in the United States of America accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates. Management believes that the estimates are reasonable.

UNIFIED SAN DIEGO COUNTY EMERGENCY SERVICES ORGANIZATION
Notes to Financial Statements, continued
June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2011 and 2010, consist of the following:

	2011	2010
Cash and investments with County Treasury	\$ 349,095	\$ 940,827
Total cash and investments	<u>\$ 349,095</u>	<u>\$ 940,827</u>

Cash and cash equivalents are presented in the accompanying basic financial statements, as follows:

	2011	2010
Equity in pooled cash and equivalents, statement of net assets	\$ 317,639	\$ 909,495
Equity in pooled cash and investments, statement of fiduciary net assets	<u>31,456</u>	<u>31,332</u>
Total cash and investments	<u>\$ 349,095</u>	<u>\$ 940,827</u>

Cash in County Treasury – The ESO is a voluntary participant in an external investment pool. The fair value of the ESO's investment in the pool is reported in the financial statements at amounts based upon the ESO's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio in relation to the amortized cost of that portfolio. The balance available for withdrawal is recorded on the amortized cost basis and is based on the accounting records maintained by the County Treasurer.

Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways ESO manages its exposure to interest rate risk is by purchasing a combination of short term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flows and liquidity needed for operations.

NOTE 2 – CASH AND CASH EQUIVALENTS (continued)

Interest Rate Risk (continued)

Information about the sensitivity of the fair values of the ESO's investment to market interest rate by fluctuations is provided by the following table that shows the distribution of the ESO's investment by maturity:

2011		Remaining Maturity (in Months)			
Investment Type	Carrying Amount	12 Months or Less	13 to 24 Months	25-60 Months	More Than 60 Months
San Diego County Investment Pool	\$ 349,095	\$ 349,095	\$ -	\$ -	\$ -
Total	\$ 349,095	\$ 349,095	\$ -	\$ -	\$ -

2010		Remaining Maturity (in Months)			
Investment Type	Carrying Amount	12 Months or Less	13 to 24 Months	25-60 Months	More Than 60 Months
San Diego County Investment Pool	\$ 940,827	\$ 940,827	\$ -	\$ -	\$ -
Total	\$ 940,827	\$ 940,827	\$ -	\$ -	\$ -

NOTE 2 – CASH AND CASH EQUIVALENTS (continued)

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government and Code and the ESO's investment policy, and the actual rating as of fiscal year end for each investment type. The investment policy of the ESO contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer (other than the investment pool: that represent 5% or more total Organization investments.

2011		Minimum Legal Rating	Exempt From Disclosure	Rating as of Fiscal Year End			
Investment Type	Amount			AAA	AA	A	Not Rated
San Diego County Investment Pool	\$ 349,095	N/A	\$ -	\$ 349,095	\$ -	\$ -	\$ -
Total	<u>\$ 349,095</u>		<u>\$ -</u>	<u>\$ 349,095</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

2010		Minimum Legal Rating	Exempt From Disclosure	Rating as of Fiscal Year End			
Investment Type	Amount			AAA	AA	A	Not Rated
San Diego County Investment Pool	\$ 940,827	N/A	\$ -	\$ 940,827	\$ -	\$ -	\$ -
Total	<u>\$ 940,827</u>		<u>\$ -</u>	<u>\$ 940,827</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Notes to Financial Statements, continued

June 30, 2011 (with summarized financial information at June 30, 2010)

NOTE 2 – CASH AND CASH EQUIVALENTS (continued)

Custodial Credit Risk

The custodial credit risk for investments is risk, that in the event of the failure of the counterparty (e.g., broker-dealer) to a transportation, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the ESO's investment policy do not contain legal or policy requirements that would limit the exposure to custodial risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investments pools (such as the San Diego County Investment Pool).

NOTE 3 – CAPITAL ASSETS AND DEPRECIATION

Capital asset activity for the year ended June 30, 2011, consists of the following:

	Beginning Balance July 1, 2010	Adjustments*	Additions	Deletions	Ending Balance June 30, 2011
Equipment	\$ 580,017	\$ -	\$ -	\$ -	\$ 580,017
Total at historical cost	580,017	-	-	-	580,017
Less accumulated depreciation:					
Equipment	\$ 346,514	(97,287)	48,548	-	\$ 297,775
Total accumulated depreciation	346,514	(97,287)	48,548	-	297,775
Total capital assets, net	\$ 233,503	\$ 97,287	\$ (48,548)	\$ -	\$ 282,242

*Adjustments were made to agree capital assets to San Diego County records.

NOTE 4 – LIABILITIES

Liabilities are debts what will be met by using current appropriations and expenditures of the expendable financial resources. The liabilities are comprised of amounts owed to vendors for services provided. Also included are funds due to the County of San Diego for contracted services.

Notes to Schedule of Expenditures of Federal Awards
June 30, 2011

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Funds received under the various federal grant programs have been recorded within the general fund and special revenue fund. The accompanying Schedule of Expenditures of Federal Awards (Schedule) has been prepared accordingly.

Schedule of Expenditures of Federal Awards

The accompanying schedule presents the activity of all federal financial assistance programs of the ESO. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through the State of California, County of San Diego, and City of San Diego are also included in the schedule.

The schedule was prepared from only the accounts of various grant programs and therefore, does not present the financial position or results of operation of the ESO.

NOTE 2 – PROGRAM DESCRIPTIONS

US Department of Homeland Security

Emergency Management Performance Grant

The objective of Emergency Management Performance Grant is to develop comprehensive emergency management, including terrorism consequence management preparedness, at the State and local levels and to improve emergency planning, preparedness, mitigation, response, and recovery capabilities.

State Homeland Security Grant

The objectives of the State Homeland Security Grant are to enhance the capacity of State and local first responders to respond to terrorism incident involving chemical, biological, nuclear, radiological, incendiary, an explosive devices.

Law Enforcement Terrorism Prevention Program (LETPP)

The objectives of the LETPP is to provide state and local law enforcement communities with funds to support the following prevention activities: information sharing to preempt terrorist attacks; target hardening to reduce vulnerability of selected high value targets; recognition and mapping of potential or developing threats; interoperable communications; and interdiction of terrorists before they can execute a threat or intervention activities that prevent terrorists from executing a threat.

Urban Area Security Initiative (UASI)

The objectives of the UASI program are to enhance local emergency, prevention, and response agencies' ability to prepare for and respond to threats or incidents of terrorism involving weapons of mass destruction (WMD). This program will also enhance selected mass transit authorities' protection of critical infrastructure and emergency preparedness activities.

Metropolitan Medical Response System (MMRS)

The purpose of the MMRS program is to provide funding to designated localities to assist in maintaining plans, delivering training, purchasing equipment and pharmaceuticals, and conducting exercises to develop and sustain the capabilities necessary to respond to a mass casualty event, whether caused by a CBRNE terrorist act, epidemic disease outbreak, natural disaster, or HAZMAT accident, during the crucial first hours of a response until significant external assistance can arrive and become operational.

NOTE 2 – PROGRAM DESCRIPTIONS (continued)

US Department of Homeland Security (continued)

Buffer Zone Protection Plan (BZPP)

The objective of the BZPP program is to provide funds to increase the preparedness capabilities of jurisdictions responsible for the safety and security of communities surrounding high-priority Critical Infrastructure and Key Resource (CIKR) assets through planning and equipment acquisition.

OTHER INDEPENDENT AUDITORS' REPORTS

A PROFESSIONAL ACCOUNTANCY CORPORATION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Unified Disaster Council
Unified San Diego County Emergency Services Organization
San Diego, California

We have audited the financial statements of Unified San Diego County Emergency Services Organization as of and for the year ended June 30, 2011, and have issued our report thereon dated April 18, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Unified San Diego County Emergency Services Organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Unified San Diego County Emergency Services Organization's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Unified San Diego County Emergency Services Organization's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Unified San Diego County Emergency Services Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the United Disaster Council, management, federal and state awarding agencies, pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

San Diego, California

April 18, 2012

A PROFESSIONAL ACCOUNTANCY CORPORATION

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A
DIRECT AND MATERIAL EFFECT ON EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Unified Disaster Council
Unified San Diego County Emergency Services Organization
San Diego, California

Compliance

We have audited Unified San Diego County Emergency Services Organization's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Unified San Diego County Emergency Services Organization's major federal programs for the year ended June 30, 2011. Unified San Diego County Emergency Services Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Unified San Diego County Emergency Services Organization's management. Our responsibility is to express an opinion on Unified San Diego County Emergency Services Organization's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Unified San Diego County Emergency Services Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Unified San Diego County Emergency Services Organization's compliance with those requirements.

In our opinion, Unified San Diego County Emergency Services Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control over Compliance

Management of Unified San Diego County Emergency Services Organization is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Unified San Diego County Emergency Services Organization's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Unified San Diego County Emergency Services Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the United Disaster Council, management, federal and state awarding agencies, pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.
